## Our History

STS North America was established in 1995 by a group of owner/operators each with 30 years or more experience in sterilizer repair and medical equipment service.

From its initial base in Los Angeles, STS North America has expanded to numerous additional cities nationwide. Our dispatch

center and customer support services are located in Chagrin Falls, Ohio with additional parts distribution centers and warehouses in:

Atlanta, GA  
Baltimore, MD  
Chicago, IL  
Farmingdale, NY  
Los Angeles, CA  
San Diego, CA  
Tampa, FL

Our mission is to offer a high quality, cost effective alternative to manufacturer's service for sterilization and related products in Healthcare, Scientific, and Industrial facilities.

STS North America's customized service programs have been developed in response to requests by healthcare customers for a more responsive service alternative to the larger, high-priced manufacturer service organizations. Contact STS North America to receive a list of references from across the nation.
