

Delivering quality, value
and cost advantages.

CONSOLIDATE ▶ STANDARDIZE ▶ SAVE

Consolidate and Save 10-25% with PowerPlus™

Based on over 100 years of combined experience as the leading provider of label solutions, Precision Dynamics-TimeMed understands hospital supply chain challenges. Taking inventory of potentially dozens of vendors and hundreds of products to centralize purchasing across your organization is a daunting task.

Fortunately, JPC members no longer need to attack the challenge alone. We developed the **PowerPlus Purchasing Program** to help customers save 10-25% in label purchases. Just as importantly, PowerPlus, streamlines processes to eliminate the congestion and confusion that occurs through random, multi-vendor purchasing—so common in healthcare today.

Only Precision Dynamics-TimeMed delivers the personal attention and resources needed for maximum cost savings and consolidation. Customers choose PowerPlus for the following core benefits:

Why PowerPlus™ ?

- 1 Increase GPO compliance
- 2 Consolidate vendors and orders
- 3 Standardize product usage within all departments
- 4 Reduce supply cost by optimizing purchasing volume
- 5 Option of thousands of stock, off-the-shelf solutions
- 6 Customized ordering programs
- 7 HIPAA readiness and Joint Commission compliance
