Histoacryl[®] Topical Skin Adhesive

Simple and effective, Histoacryl Topical Skin Adhesive is the proven choice to close surgical incisions and lacerations.

Why choose Histoacryl...

- **OUTSTANDING BOND STRENGTH**
Highest bond strength of all topical tissue adhesives on the market
- **COSMETIC RESULTS SURGEONS REQUIRE**
Adhesive available in both dyed and clear versions (only supplier offering 2 options)
- **RAPID CLOSURE**
Single layer application; sets in 30 seconds
- **HIGH YIELD**
98% dispensable volume
(No clogging or drying out when opened)
- **NO-TOUCH PRECISION-CONTROLLED APPLICATOR**
Dispenses in a precise and controlled manner without disturbing the edges of the wound

- **COST EFFECTIVE**
Single layer application in conjunction with no clogging applicator enables one vial of Histoacryl to replace two or more vials of the leading tissue adhesive product.
