Allied Healthcare Products, Inc.	New!	1938M	CO2 Absorbents, Gomco Portable Suction, Schuco Portable Aspirators	10/01/2008	Throughout their company's history, Allied Healthcare challenged themselves to develop products which affect the quality of life in positive ways. During this time they've introduced a variety of products contributing to the standard of living of their customers. Allied has sought to strengthen its leadership position in medical gas and respiratory therapy, and to develop strong partnerships with major research universities, for new product development and for improving existing products. Allied sells products under various brand names such as Schuco® portable suction equipment, and Gomco® portable suction equipment for hospitals.
AmSan	New!	1958M	Distribution Services for Janitorial Supplies and Equipment	10/01/2008	AmSan was created by uniting 41 of the nation's premier sanitary supply organizations into one company. Together, they share a common vision. They believe that by combining local market focus with broad-scale national resources, they are able to deliver optimal value to their customers. Today, AmSan is the largest national distributor dedicated exclusively to the Jan-San industry.

TSO3 Inc.	New!	1942M	Sterizone 125L Ozone Sterilizer	10/01/2008	TSO3 Inc. was founded in Québec City, Canada, in 1998. The Company's mission is to develop and market innovative and comprehensive sterilization solutions. TSO3 has perfected an innovative sterilization process using ozone as the sterilizing agent. The ozone sterilization process is a safe, efficacious, fast and cost-effective response to evolving sterilization needs. The first product based on this technological platform is the 125L Ozone Sterilizer, which is intended for hospital sterilization departments. The 125L - named after its 125-litre/4.3-cubic-foot capacity - was designed to sterilize heat and moisture-sensitive surgical and diagnostic devices which are expensive and in high demand from the surgical suite.
